GENERAL SUMMARY FY 2004

Authority

RSA Chapter 21-I:42
Federal Merit Standards

Mission

To serve the public interest by providing the State of New Hampshire with fair, equitable, and comprehensive systems of personnel and labor relations; to assist State agencies in implementing and maintaining efficient and expedient personnel transactions.

Location

State House Annex
25 Capitol Street
Concord, NH 03301
(Wheelchair accessible entrance - School Street)

Staff Composition

19	Full-time classified employees
2	Part-time employees
3	Unclassified employees

Fiscal Year Appropriation

\$1,442,615

Personnel Appeals Board

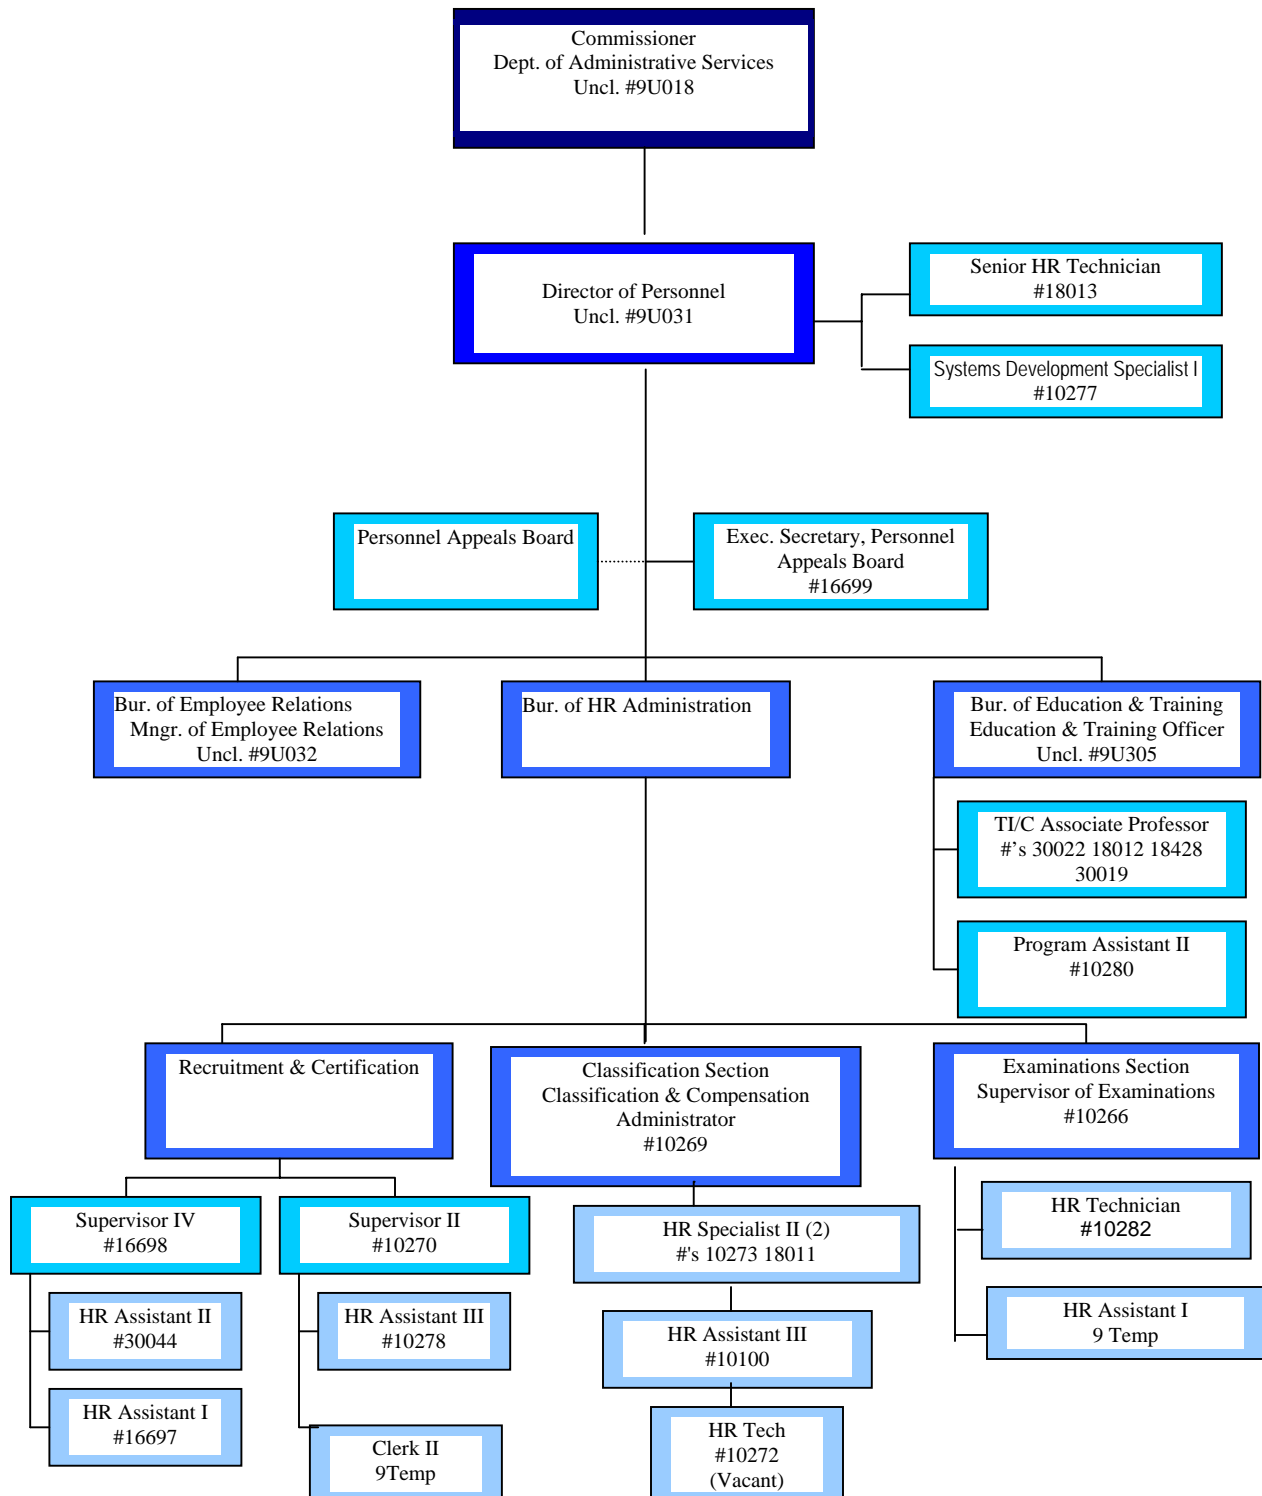

The Personnel Appeals Board consists of three regular members and two alternates appointed by the Governor and Executive Council for three (3) year terms.

ORGANIZATIONAL CHART

DEPARTMENT OF ADMINISTRATIVE SERVICES

DIVISION OF PERSONNEL

JUNE 2004

Division of Personnel

Overview

The Division of Personnel was created in 1989 to maintain a centralized State system of personnel administration based on merit principles. The Division is tasked with establishing and enforcing appropriate methods of recruitment, appointment, compensation, promotion, transfer, layoff, removal and discipline of classified state employees. The Division also provides employee testing services and is responsible for oversight of the State classification system, and many other areas as mandated by RSA 21:1:42-44. The Division's Bureau of Education and Training provides comprehensive management training through the auspices of the Certified Public Managers program. The Manager of Employee Relations conducts negotiations on behalf of the Governor, represents the State in grievance actions related to the Collective Bargaining Agreement and assists in administering employee benefit plans and programs. In addition to serving as a fiscal "gatekeeper," the Division serves a valuable function in overseeing a fair, equitable and comprehensive system of personnel and labor relations for the State and its employees.

BUREAU OF HUMAN RESOURCES ADMINISTRATION

(1) Recruitment and Certification Section

Responsible for development and implementation of statewide recruitment, certification and personnel records management policies and procedures, including monitoring recruitment and referral activities of state agencies and providing career counseling services to employees and applicants.

(2) Examination and Selection Section

Responsible for development and administration of a comprehensive examination program designed to promote equitable competitive standards for applicants to classified positions in state government.

(3) Classification and Organizational Analysis Section

Responsible for implementation and monitoring of the statewide classification system for all classified employees, including allocating all positions to generic classifications and determining appropriate entry-level minimum qualifications.

RECRUITMENT AND CERTIFICATION SECTION

The Recruitment and Certification Section is responsible for performing the following functions:

- Coordinating statewide recruitment efforts, including approving and posting all newspaper advertisements and Opportunities Announcements for classified positions.
- Evaluating applications for certification (eligibility) purposes and maintaining/updating registers of eligible job candidates.
- Auditing all personnel actions affecting classified employees to ensure compliance with the Collective Bargaining Agreement and the Administrative Rules of the Division of Personnel.
- Establishing, maintaining and managing centralized personnel records for all classified employees.
- Compiling EEO data on characteristics of job applicants for state and federal reporting purposes.

STATEWIDE HIRING FREEZE

Executive Order 2004-02

On March 24, 2004, Governor Craig Benson issued Executive Order 2004-02, instituting a hiring freeze to effect a reduction in state general fund expenditures. This Executive Order mandated that all full-time classified and unclassified employee positions, funded in whole or in part by the General Fund, which were vacant on the effective date of the Executive Order, must remain vacant during the 2004/2005 biennium. Appropriations for the vacant positions were lapsed to the Salary Adjustment Fund or the Employee Benefit Adjustment Account, as applicable. Exceptions to the hiring freeze included direct care positions, custodial care positions, law enforcement positions, and those positions at the Community Technical Colleges that were directly responsible for academic instruction including, but not limited to, academic faculty and counseling.

Executive Order 2004-02 mandated that no general fund monies appropriated for Class 30 equipment could be expended or encumbered for the balance of Fiscal Year 2004, with the exception of those monies encumbered by contract or purchase orders on or before the date of the Executive Order. The Executive Order also mandated that no monies appropriated for Class 80 out-of-state travel for the balance of Fiscal Year 2004 could be expended or encumbered on or after the date of the Executive Order.

Executive Order 2004-02 directed that the statewide freeze on hiring, equipment and out-of-state travel would remain in effect until June 30, 2004, or until terminated under the provisions of RSA 9:16-b. The Executive Order also provided that exceptions to the hiring freeze could be requested by any agency in writing to the Governor, and that exceptions granted by the Governor shall be transmitted to the Fiscal Committee.

RECRUITMENT AND CERTIFICATION ACTIVITIES

During Fiscal Year 2004, the Recruitment and Certification Section prepared 13 Opportunities Announcements for statewide distribution and approved 492 agency-prepared newspaper advertisements. During the Fiscal Year, 1,244 applications were evaluated for certification purposes by staff in this section. Of this number, 990 (79.6%) applicants were determined to have met the minimum qualifications. The following Recruitment and Certification table lists the work activities performed in the Recruitment and Certification Section during Fiscal Year 2004:

RECRUITMENT AND CERTIFICATION ACTIVITIES FISCAL YEAR 2004

ACTIVITY	AMOUNT
Applications Distributed	2,080
Applications Received	3,876
Applications Accepted as Certified	990
Applications Rejected as Not Certified	254
Registers Requested	160
Employees Hired From Registers	50
Newspaper Advertisements Approved	492
Opportunities Announcements Prepared	13

PERSONNEL ACTIONS FISCAL YEAR 2004

PERSONNEL ACTION	AMOUNT
New Hires	2,233
Hires Above Minimum Step (both full-time & part-time)	243
Separations	1,199
Promotions	990
Demotions	247
Total Personnel Action Forms Processed	27,649

During Fiscal Year 2004, staff in the Recruitment and Certification Section audited a total of 27,649 actions affecting classified employees. Of this total, 2,233 (8.1%) were personnel actions hiring new employees. The number of employees separating from state service in FY 2004 was 1,199 (4.3% of all transactions processed). Noted above is a summary of the type and number of personnel actions audited by the Recruitment and Certification Section.

Note: Total forms processed included increments and miscellaneous data changes such as seniority adjustments and temporary assignments.

EMPLOYEE REDUCTION IN FORCE (RIF) LIST

Effective July 1, 2003, the Legislature passed Chapter 319:7, relative to the rehiring of laid-off state employees. This legislation extended the definition of "laid-off employee" to include any state employee laid off between January 1, 2003 and July 1, 2005 as a result of reorganization or downsizing in state government. This legislation mandates that any position that becomes available in a state department be filled, if possible, by a laid off state employee if such person is not already employed by the State of New Hampshire and if he or she meets the minimum qualifications for the position. It also requires the appointing authority of each department or agency to submit names and classifications of individuals laid off to the Director of Personnel within 10 days of the lay off.

The following is a summary of the actions that took place in connection with the RIF List during Fiscal Year 2004:

ACTION	AMOUNT
Names Submitted to Personnel	18
Names Removed from RIF List	18
Names Remaining on RIF List	0
Placements	13
Vacant Positions Released for Recruitment	1,024
Total Number of Vacant Positions Submitted by Agencies	1,037

Note: The total number of names on the RIF List includes employees who have been re-employed on a continuing part-time basis at the agency from which they were originally laid off. Other names remaining on the RIF List include individuals who have retired, are on workers' compensation, or have set their own limitations to re-employment as a full-time employee due to location, salary requirements or other personal reasons.

EXAMINATION SECTION

The New Hampshire Division of Personnel's Examination Section develops and administers competitive examinations to achieve a high quality workforce in accordance with the principles of merit. Examination Section professionals and state agency administrators continue to work together to meet the human resources needs of state government. Written examinations, structured interviews, and skill and ability assessments are the primary strategies used to determine candidates' competency for entry and promotion in state classified service. The section endeavors to identify those people who are likely to make a positive contribution to the efficiency of state agencies and exhibit potential for career progression. The intended outcome of this systematic assessment of prospective employees is an overall increase in the productivity of the state government's workforce and the quality of the services it provides.

The Examination Section schedules and administers examinations ensuring that state departments are provided with registers of qualified candidates in a timely manner. The central testing facility in Concord is equipped with eleven (11) personal computers used to determine proficiency in data entry and keyboarding while simulating the actual office environment. In the event a structured interview is necessary, agency managers define the qualifications necessary for successful job performance and ask questions providing an insight into applicants' respective competency levels. All participants in state examinations are evaluated in a uniform and standardized manner thereby affording each applicant an equal opportunity for success. The selection devices - written examinations, structured interviews, keyboarding/data entry exercises, and physical aptitude and agility tests - are based on measurable skills, knowledge, abilities, and personal characteristics identified by agency representatives as essential to successful job performance. This close association of examination content and the requirements of the positions to be filled assures the job-relatedness of the various selection methods that are used.

The role of the Examination Section is expanding and increasing in complexity as agencies demand more effective means of hiring the most qualified applicants. Administrators have become increasingly aware of the benefits of appointing people with above-average potential for success and continue to review the range of available selection techniques to determine appropriateness. In this regard, the section's Technical Assistance Manual is used as a resource in identifying specific procedures to be followed in determining the relevancy of applicants' education and prior experience. The Technical Assistance Manual is accessed via the New Hampshire State Government intranet website, Sunspot. Also, the Division of Personnel's internet website represents an innovation in the way information about job vacancies and required examinations is publicized for use by both internal and external applicants.

Computer technology is evolving and the Examination Section recognizes its responsibility to change with it. Computer capability serves to enhance written examination item storage and retrieval, error-free printing of examinations, codification and storage of structured interview questions, candidate test scheduling, notifications of

examination results, and the creation of register documents. Electronic information systems allow the development and augmentation of a written examination item database and structured interview question bank.

This twelve-month reporting period was one of unprecedented change from manual to electronic administration of examinations. In Fiscal Year 2004, on-line testing became the section's major project and dominated its time and attention. The Examination Section communicated its vision for an on-line testing program to the Department or Administrative Services data management staff and they, in turn, committed the necessary resources to make this vision a reality. On-line testing makes use of personal computers in a proctored environment allowing candidates to read multiple-choice test questions on the screen and select answers by pointing and clicking on a numbered answer choice using a mouse. Examinations are then automatically graded and candidates are provided with their scores, in printed format, immediately upon test completion. Also, for specific test titles, a graphic depiction of sub-scores in the various subject areas comprising an examination is generated. The New Hampshire Division of Personnel's Examination Section will implement the on-line testing program utilizing New Hampshire Employment Security local offices as satellite testing centers. This geographic dispersion of Employment Security on-line testing facilities will take place within the context of the Wide Area Network (WAN) system. In closing, electronic testing will simplify the administration and monitoring of merit system examinations and, of greatest importance, improve the efficiency and speed of test services to applicants for state employment and to agencies seeking to fill vacancies.

Characteristic ongoing activities within the section during Fiscal Year 2004 included providing candidates with accurate and comprehensive information regarding the subject areas of various written examinations, explaining the steps to follow in preparing for structured interviews, and conducting numerous reviews of test results. Such guidance and assistance contributed to qualifying scores for eighty percent (80%) of those participating in examinations. The total testing activity including written examinations, structured interviews, and secretarial performance tests, resulted in 1,500 names being added to the Division of Personnel's various eligibility lists – see the Examination Section Activity Chart for FY 2004 on the following page.

EXAMINATION SECTION ACTIVITY **July 1, 2003 - June 30, 2004**

	Officials & Administrators	Service/Mainten. Positions	Technicians	Para-professional Positions	Protective Services Positions	Professional Positions	Administrative Support Positions
Examined	38	56	159	323	341	364	548
Passed	38	52	156	283	257	270	413

CLASSIFICATION SECTION

The Classification Section carries out a variety of responsibilities including, but not limited to, approving new and revised supplemental job descriptions, responding to requests from state agencies and boards to reclassify existing positions, and establishing both full-time and part-time temporary positions as well as effecting movement of individual positions or large numbers of positions from one agency to another agency. Positions submitted for reclassification by state agencies may be either filled or vacant at the time of the request.

In addition, the Classification Section independently initiates reclassification considerations for specific positions where the classifications are influenced by job analysis data, class title assignments, and salary grade decisions occurring elsewhere in the Classification process. During Fiscal Year 2004, 142 full-time and part-time temporary positions were established in 21 different agencies, compared with the establishment of 278 such positions in 18 different agencies in Fiscal Year 2003. Approximately 40% of these positions were established throughout the Department of Health and Human Services. Of the total established statewide, 73, were established as temporary full-time positions while the remaining 69 were established as temporary part-time positions.

The Classification Section also conducted job audit interviews with incumbents and supervisors for those positions in which incumbents and/or their agencies submitted completed requests for reclassification. During Fiscal Year 2004, a total of 215 filled or vacant positions were reviewed by the Classification Section.

The following chart summarizes the number of positions reviewed and the number of positions established in Fiscal Year 2004, in relation to the total number of state employees in the classified work force.

	Total Positions Reviewed	Temporary Positions Established	
Number Reviewed or Established	215	Full Time 73	Part Time 69
Percentage of Total Classified Positions	1.75%	.59%	

Other tasks performed by the Classification Section during Fiscal Year 2004 included the following:

- Conducting classification and compensation surveys both in-state and with other states.
- Answering classification and compensation survey questions from other states and/or governmental units.

- Corresponding with other agencies, verbally and in writing, to answer questions.
- Surveying the Human Resources Representatives of other agencies in order to update Division of Personnel information and improve consistency in the system.
- Establishing and revising class specifications.
- Assisting agencies in developing and revising supplemental job descriptions.
- Providing technical assistance to agencies and individuals on a daily basis regarding classification procedures and the position review process.
- Developing and providing formal presentations to groups of state Human Resources Representatives and others concerning the classification process.
- Reviewing and approving changes in organizational charts.
- Reviewing 7D requests for new positions to determine appropriate classification levels.
- Providing input to the Director of Personnel concerning classification issues and procedures.

BUREAU OF EMPLOYEE RELATIONS

The Bureau of Employee Relations is responsible for the following benefits and employee relations functions in accordance with applicable law (RSA 21-I: 44):

BENEFITS

- **Administering employee benefit programs;**
- **Conducting ongoing studies of alternative financing methods and benefit offerings;**
- **Administering the state employee group insurance program.**

The Bureau administers health insurance, dental insurance, life insurance and flexible spending programs for all classified, unclassified and non-classified employees of the executive branch, legislative employees, judicial employees, and retired employees.

Health Insurance:

In October, 2003, the Governor and Executive Council approved Cigna Healthcare of New Hampshire as the carrier for the Point of Service plan (POS) and Health Maintenance Organization plan (HMO) for all active employees and their eligible dependents. These plans continue to be non-contributory (fully paid by the State). Monthly per person membership rates paid by the State for the contract period of October 1, 2003 through June 30, 2004, are listed below:

	<u>Active Employees POS</u>	<u>Active Employees HMO</u>
Single	\$409.30	\$326.48
Two person	\$816.45	\$650.50
Family	\$1,304.37	\$1,039.33

The State also provides a non-contributory Point of Service plan for under age 65 retirees and a non-contributory Medicare supplemental plan for Medicare eligible retirees through Anthem Blue Cross and Blue Shield.

Expenditures for the reporting period were: \$160,018,243 (Retirees included)

Dental Insurance:

The dental insurance program is a fully-paid, conventionally insured plan offered through Northeast Delta Dental which provides 100% coverage for preventive procedures, 80% coverage for basic restorative procedures and 50% coverage, with a \$25.00 deductible, for major procedures.

Premiums for the reporting period were: \$8,547,458

Life Insurance:

The life insurance program offers a \$10,000 basic term life policy for employees at a cost of \$10.92 per year, per employee, to the State. The plan also offers eight (8) dependent and spouse options which are paid by the electing employee with no additional cost to the State.

Premiums for the reporting period were: \$154,546

Flexible Spending Program:

The flexible spending program is administered by Employee Benefit Management, Inc. and provides an opportunity for employees to set aside income on a pre-tax basis to cover expenses for dependent care or for medical expenses which are not reimbursed by another plan. The State pays an administrative fee of \$4.00 per employee per month. This fee is more than offset by the FICA savings.

Salaried reductions for the reporting period were: \$1,387,765

FICA savings for the reporting period were: \$106,164

EMPLOYEE RELATIONS

- **Administering all collective bargaining agreements with classified employees;**
- **Providing professional support and assistance to the Governor in the conduct of negotiations with representatives of classified employees;**
- **Representing the State, in cooperation with the N.H. Attorney General, in all grievance actions related to collective bargaining agreements before the PELRB.**

NEW LEGISLATION – CHAPTER 319:7

Effective July 1, 2003, the Legislature passed Chapter 319:7 which provided that any full-time State employee who was laid off, who before the layoff was receiving State-paid medical benefits, who was not eligible to retire and receive post-retirement medical benefits, and who was not eligible for employer-paid medical coverage under the plan of any other employee, or as the spouse of a person covered under the plan of any other employee, or under the State plan as the spouse of a State employee, shall continue to receive State-paid benefits as if continuing in active employment. This benefit continues for a period not to exceed six months after the date of termination of State employment. For the first three months of this six-month period, the State pays the full cost of continuing medical coverage, and for the latter three months of this six-month period, the

State pays one-half the cost and the laid-off employee pays one-half the cost of continuing medical coverage.

EXECUTIVE ORDER 2003-4

On March 21, 2003, Governor Craig R. Benson signed Executive Order 2003-4 concerning benefits for state employees that are members of the Reserve or National Guard and have been called to full-time active duty in response to the conflict in Iraq. For employees called to active duty, Executive Order 2003-4 mandates that the State pay the difference between the employee's regular State salary and the employee's full-time military salary. The Executive Order also requires the State to maintain health and dental insurance coverage for the eligible legal dependents of the employee called to active duty. In addition, the Executive Order allowed employees to continue to earn seniority and retirement service credit. In accordance with the Executive Order, these benefits will be in effect for a period not to exceed one year beginning March 21, 2003.

SUPPLEMENTAL SICK LEAVE PLAN – Article 11.9.

- Provides a process for an employee meeting certain conditions to request additional sick leave. Upon approval, classified employees may donate part of their accrued sick leave to the requesting employee.
- The Bureau of Employee Relations, in conjunction with the Labor Management Committee, oversees the approval process for the Supplemental Sick Leave Plan.

The following chart summarizes actions taken by the Labor Management Committee during FY 2004 in response to requests for donated sick leave under the Supplemental Sick Leave Plan:

SUPPLEMENTAL SICK LEAVE PLAN
Fiscal Year 2004

Requesting Agency	Requests Submitted	Requests Approved	Days of Leave Approved
Administrative Services Department	10	10	299
Agriculture	2	1	30
Banking	4	2	52

Bureau of Education and Training

July 1, 2003 through June 30, 2004

Mission Statement

The mission of the Division of Personnel, Bureau of Education and Training, is to provide quality education, training, and resource services to enhance the skills, knowledge, and abilities of government employees who provide services to the citizens of New Hampshire.

To fulfill this mission, the Bureau is committed to the following guiding principles:

- Providing quality training using skilled and knowledgeable trainers, facilitators, and teachers.
- Providing a variety of training opportunities and techniques to accommodate the individual needs of adult learners.
- Providing training resources and consulting services to state agencies.
- Providing training specified by RSA.

FY '04 Goals and Special Accomplishments

❑ Computer Training

The Bureau of Education and Training computer lab was updated with thirteen new computers. This fiscal year the bureau added additional technical classes including a computer forensics class and a web development track. Handouts for seven classes were updated.

❑ New and Updated Courses

The Bureau created a new version of the Time Management Workshop and the Effective Meetings Workshop. The Bureau also added four new certificate programs including the following:

- Human Resources Management Certificate Program
- Front-line Support Certificate Program
- Safety Certificate Program
- Fundamentals of Supervision Certificate Program

Assistance for the New Hampshire Association of Certified Public Managers continues, as the Bureau helped plan a statewide professional development conference entitled, "*Transitions in Leadership*". The conference took place at the Center of New Hampshire, Manchester, New Hampshire in September, 2003.

❑ **Strategic Planning and Team Building**

The Bureau continued to assist state organizations with their strategic planning and team building efforts by providing facilitation and consultation services.

❑ **Certified Public Manager Program**

The Bureau again met with special success this year in its Certified Public Manager Program (CPMP) when a team project completed by four of its participants won an award for Best Project from the New Hampshire Association of Certified Public Managers. The award was presented at the American Academy of Certified Public Managers' annual conference in Topeka, Kansas during June, 2004.

The Bureau continues a strong relationship with the National Certified Public Managers Consortium. The Director of Training, Peter Gamache, serves as a member of the Board of Directors for the consortium. In the Spring, 2004, the Bureau held a one-day conference on "Ethics in Government". The conference was attended by one hundred government employees and included presentations from Peter Gamache, Bureau Director, Karen Levchuk, Director of Personnel and Peter Spaulding, member of the New Hampshire Governor's Council.

❑ **Web Page**

The Bureau catalog completed its first year on the Internet. Employees were able to visit the site to check course offerings and schedules. Improvements to the online catalog continue to be made. The Bureau newsletter is also on the web page as well as being distributed via electronic mail.

Continuing Programs

❑ **College and University Affiliation**

As of June 30, 2002, the Bureau of Education and Training completed its eleventh year of cooperative relationship with the New Hampshire Community Technical College System and the UNH Cooperative Extension Service. This relationship has allowed the Division of Personnel to expand its program offerings and to increase the number of state, municipal and county employees receiving training and education.

Through agreements with the New Hampshire Community Technical College's Concord campus, Franklin Pierce College, College for Lifelong Learning, Springfield College, New England College and Daniel Webster College, the Bureau continues to offer college credits for certain courses offered through its catalog.

Due to the increased demand for training and education for government employees and a lack of training space, the Bureau of Education and Training entered into a contractual arrangement with Franklin Pierce College for a five-year rental of classrooms beginning September, 2003. The agreement provides the Bureau with two classrooms twenty-four hours per day, seven days per week, and two additional classrooms Monday through Friday from 8:00 a.m. to 5:00 p.m.

❑ **Community Links**

During Fiscal Year 2004, the Bureau of Education and Training has worked with the University of New Hampshire's Cooperative Extension Division to provide education to government employees. This has enabled the conduct of a wide variety of health and family-life focused training sessions to government employees.

❑ **New Hampshire Certified Public Manager Program**

In Fiscal Year 1996, the Bureau of Education and Training implemented a competency-based Certified Public Manager Program (CPMP) for New Hampshire government employees.

The aim of the NHCPMP is to standardize and professionalize public management. The program uses a system of competency-based training that measures and then develops participants' professional competencies in the field of public management.

By successfully completing the Level I Public Supervision Program, participants earn a *Certificate of Public Supervision*. The program is available to entry-level supervisors and individuals planning to enter supervision. The Level I program takes one year to complete. It requires 100 hours of core course work and 50 hours of elective work.

Successful completion of the Level II Public Management Program earns participants a *Certificate of Public Management*. The Level II program is available to mid and upper-level managers. It takes two years to complete, and requires 200 hours of core course work, 100 hours of elective work, and participation in a team project of approximately 60 to 100 hours.

Each participant in the program is paired with a mentor. Mentors and participants work together for the length of the program.

Both designations are viewed as professional rather than academic credentials.

In January, 2004, the Bureau celebrated the graduation of 78 people from the Level I program and 22 people from the Level II program. In February, new classes for Level I and II were started. Forty-eight participants enrolled in Level I and 28 enrolled in Level II.

During this Fiscal Year, the Bureau made changes to the core curriculum required for CPS and CPM programs.

This year the Bureau again used the 360-degree assessment survey, written specifically for government employees, as part of the CPM Level I program. The Level II program used the 360-degree assessment, as well as five additional assessments, administered during a two-day assessment seminar.

This year saw a revision of the Bureau's program matrix which provides course suggestions based on 360 degree assessment results. This tool is designed to assist government employees in selecting training to meet individual needs.

New Hampshire is an accredited member of the National Certified Public Manager Consortium. The Consortium is made up of 27 member states. Benefits and recognition are reciprocal from state to state for Level II graduates.

The Bureau revised its Certified Public Supervisor [CPS] Orientation Program and Mentoring Program. Revisions were also made to the CPS and CPM pamphlets. In an effort to save money on printing time and materials, many of the training workbooks, as well as training catalogs, are directly sent to the student via e-mail. Another cost effective procedure has been the distribution of training certificates immediately following the close of the training thereby negating the need to mail them. These changes are in keeping with the Bureau's commitment to continuous process improvement.

Training Program Participants

July 1, 2003 to June 30, 2004

Management Classes

Number of Participants	Course Title/Code
30	Administrative Rules Review/027
42	Applied Management Techniques/011
